

LGV Fleet Taiprora

For a pharmaceutical corporate we have designed, built and installed a **fleet of 3 LGVs** within the packaging department.

Information about the LGV Taiprora

The new Taiprora LGV is the result of **over 15 years of experience with AGVs across Europe**.

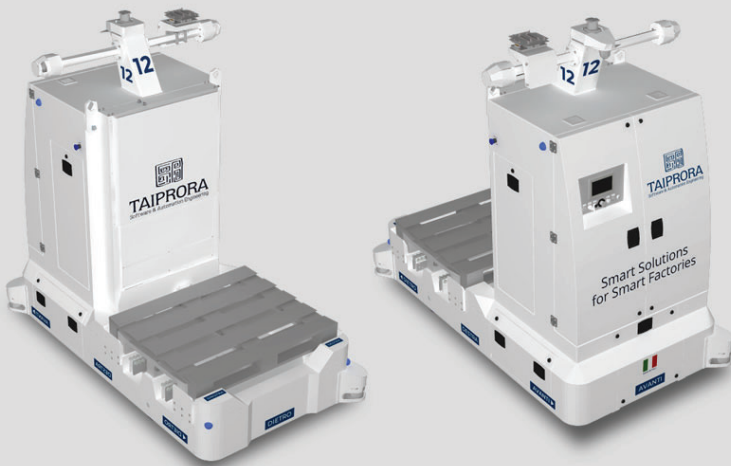

It is a **full-customizable and made-in-Italy product**.

Certifications

The high safety standards guarantee compliance with the regulations in force and the entire system is **FDA 21 CFR Part 11 Compliant**.

SOME TECHNICAL DATA

LGV TAIPRORA

Customers and feedback

Customers are absolutely satisfied and recognize the **high manageability, ease of installation and use, silence and sturdiness**.

KEY FEATURES

- ✓ Design and implementation "ad hoc" for specific customer needs;
- ✓ Fundable with the **National Industry 4.0 plans** (available in some EU countries);
- ✓ Complies with **the highest safety standards**;
- ✓ High performance: **2m / s speed**;
- ✓ Integrated with corporate **MES and ERP**;
- ✓ Interconnected with other existing systems (*automatic warehouse, palletizer, etc ...*);
- ✓ Fully integrated with the existing logistic flow;
- ✓ Compliant with **CFR 21 part 11** (pharmaceutical sector).
